Cabot Corporation Increases Prices Globally for Fine Cesium Chemicals

April 12, 2017

BOSTON--(BUSINESS WIRE)--Apr. 12, 2017-- Effective April 12, 2017, or as contracts allow, Cabot Corporation will increase prices by up to 18 percent for its fine cesium chemicals product portfolio. Demand for Cabot's fine cesium chemicals products increased in late 2016 and has continued into 2017. This price adjustment is required to support ongoing investments in Cabot's fine cesium chemicals manufacturing facility co-located with its mining operations in Lac du Bonnet, Manitoba, Canada. The increase will also help to ensure Cabot remains a reliable, long-term supplier of high quality cesium products, and continues to deliver exceptional support to its customers.

ABOUT CABOT CORPORATION
Cabot Corporation (NYSE: CBT) is a global specialty chemicals and performance materials company, headquartered in Boston, Massachusetts.
